

For Immediate Release - February 5, 2018 - Estucia Weight Loss & Aesthetics Donates the Ultimate Concert Experience to the Boys and Girls Club

Estucia Weight Loss & Aesthetics of Palm Beach, Florida is honored to donate an ultimate concert experience to The Boys & Girls Club of Palm Beach County.

This opportunity to connect Celine Dion's VIP Concert Experience to the Boys and Girls Club was a natural one, given the close relationship that Dr. Ackerman has had with both Celine Dion and The Boys & Girls Club.

Dr. Ackerman regularly works with The Boys & Girls Club on events and fundraisers. His relationship with Celine dates back to the birth of her children, where Dr. Ackerman served as her obgyn.

"It's always great to be able to help out, and given our close ties to both Celine and the Boys and Girls Club, it was a natural fit," says Jamie Ackerman, who runs the weight loss and aesthetic clinic.
